6. The Comptroller has wrongly included in the list the Mayore both Municipalities, against which there is debit balance of Rs 9179. The deficit in this case was not due to the adjustment of any portion of the difference of Rs 47,782 in question under Govt orders nor portion has been debited to it.

7. The question for decision is how the debit balances in the cases of the nine Municipalities referred to in para 5 supra has to be wiped off. From the statement appended to that para, it would appear that the amount adjusted is Rs 18,816 and that the debit balances on 1/7/04 amount to Rs 119 64, As the sanctioned estimate of Expenditure in the case of the municipally united Municipalities for 1904-05 is in excess of the receipts, while in the case of all except Kumbakonam, it is less than Rs to wipe off the debit balances a grant from Pool or L. such special grant will be Rs 11,964, which is the total actual balance against these municipalities on 1/7/04, or Rs 10,857 which will be the estimated closing balance on 1/7/05 against these municipalities arrived at by adopting the former figure as the opening balance in the sanctioned Budgets of these Municipals for 1904-05.

Sir,

With reference to Government order No. 3377-85 Rel. F. 35-02 of the 24th October 1902, directing the apportionment of the difference between the municipal and Ledger Balances, among certain Municipalities, I have the honor to submit herewith a statement showing the balance that would remain in favor of each municipality, after the adjustment above ordered is effected. The statement is prepared as per

preliminary accounts for June 1902 furnished by the Comptroller and it will be seen therefrom that with reference to the Rumoin Municipal Board there will be a debit balance of Rs 2498 with an income of Rs 4650 and a permanent expenditure of Rs 4174 per annum I fear it may not be impossible, for the Board to clear off its debit balance and maintain its usual working balance but to entirely do away with the Conservancy establishment and lighting charges for some years to come, which will be certainly be detrimental to the health and convenience of the town people The town has already

suffered much by a regular outbreak of plague year after year, and any attempt to revise Mohatarfa taxes with a view to augment the Municipal income will only add to the hardship of the people. On the other hand money is required for opening out certain contracted parts, constructing drains and for carrying out the ordinary repairs to roads. Such is the present financial position of Bangalore Municipality and I leave the matter in the hands of Government to deal with it as they deem fit.
